Good morning Brandon,

The library has several hundred thousand volumes in the collection, so while it is possible to pull together a list, that will take a while to put together. For faster results, we have the option on our [catalog](#) of filtering search results by circulating and non-circulating, using the [advance search feature](#).

Item type	Shelving location	Collection
-----------	-------------------	------------

Limit to any of the following:

☐ Circulating	☐ Noncirculating

I hope that is helpful. Please let us know if you have additional questions.

Thank you for the reply. Could you please send me a list of all the books available in circulation and those that are desk reference only?

Any computer data type is fine.

Good morning Brandon,

Thank you for contacting the law library. Unfortunately, the CSI does not circulate, so we are not able to check it out to you. However, we can offer you scans (within copyright limits) from the book if that would be helpful.
